

## Link series

Designed by Glismand & Rüdiger, Denmark

---

Link is a series of beautiful tables with a clear-cut and sleek silhouette. The tabletop is made in FSC-certified solid wood and is kept balanced by four slim metal legs that are lowered into the top giving the design a crafted and clean surface. The construction also permits for a longer and slimmer tabletop while never compromising on durability or longevity of the design. Link is designed by the Danish duo, Glismand & Rüdiger, who have thought modularity and flexibility into the design process. Each table therefore works as standalone pieces or placed together in beautiful rows of two or more.

### Meet the designer

Bolia was born in Denmark, and so was the renowned design duo Glismand & Rüdiger – an origin that serves as main source of inspiration in their approach to furniture design. When designing furniture, the design duo seeks inspiration from the vivid Scandinavian nature and materials while honouring the proud design tradition built on simplicity, elegance, craftsmanship and sustainable materials. “We share a passion for Scandinavian design and natural materials. Sustainability is the starting point for every new design we create. All the way from the first sketches to the final product, cause what we believe the most, is designing beautiful products that are built to last and survive trends.” For Glismand & Rüdiger Scandinavian design isn’t a label, it’s a commitment in their design-work. It’s something to be interpreted in contemporary and new ways, and something to be proudly honoured.
