

Visti series

Designed by Studio Nooi, Italy

Visti is an inviting series that combines timeless style with contemporary design. The series consists of a sofa bench, armchair, dining chair, and footstool, each piece crafted with the same attention to detail. Inspired by the classics of Scandinavian mid-century design, the series features a distinctive yet familiar style with a modern twist. The FSC™-certified design offers soft and comfortable volumes that float within a neat frame, crafted from solid oak. The armrests, with a flat top, allow you to rest a drink, book, or snack while relaxing. The seat is constructed for maximum comfort using durable, moulded furniture foam, and the matching footstool adds comfort and versatility, complementing the entire series' classic design.

Meet the designer

Studio Nooi was founded by Giulia Pesce and Ruggero Bastita in Torino, Italy. Giulia and Ruggero built their approach to design while studying and working as designers in Italy and Denmark. Nooi derives from the Italian word “noi”, meaning “us” – the idea being that design is never an individual act but rather a collaborative process, involving designers, companies, users, artisans and technicians. Nooi's designs are always the result of good cooperation between people and influenced by society, art, nature and cultural heritage, and the designers are closely involved at every stage of the project development.
