

Fuuga series

Designed by Busetti Garuti Redaelli, Italy

Fuuga is a series of sofas and armchairs designed by Busetti Garuti Redaelli. The series also includes a version with higher back and noise reducing properties, called Nesting Armchair, which ensures peace of mind, immersion and few disturbances. All designs share the same rounded back, where the armrests meet at a slant, giving the design a distinctive and beautiful expression. Fuuga is made from FSC™-certified wood, and the traditional wooden craftsmanship in the base is emphasised by hand-crafted details and authentic materials that complete the design experience.

Meet the designer

The development of all our projects aims to achieve simple solutions, both technical and formal, privileging usability and legibility of the object. Through this process, we define our ideas reinterpreting traditional or innovative materials to make gentle life companions. Inspirations are everywhere. What matters is to be receptive. We try to be influenced by a great variety of stimulus... always searching for inspirations, during our working time or free time, always keeping our eyes open. This is our state of mind. Great design is, when looking at an object, the first thought is: it could only be so ...and after observing him longer: yes, there is no way to improve it, it's perfect!
