

Scandinavia series

Designed by Glismand & Rüdiger, Denmark

The Scandinavia sofa series is a much-loved classic. Designed with removable fabric upholstery that gives you the freedom to adjust your aesthetic and functional needs over time, as well as significantly extending your sofa's lifetime. The interior construction is made of FSC™ certified wood, and the elegant surface conceals a wealth of hidden functions that ensure outstanding comfort and durability. For example, the armrests have generous padding and the seat cushions are reversible and are available with down and feather filling or foam for either a softer or firmer comfort. It also features a slightly raised edge under the seat cushions, which keeps the cushions in place. The legs are available in several different materials and in two heights. A sofa with a classic, timeless quality.

Meet the designer

Bolia was born in Denmark, and so was the renowned design duo Glismand & Rüdiger – an origin that serves as main source of inspiration in their approach to furniture design. When designing furniture, the design duo seeks inspiration from the vivid Scandinavian nature and materials while honouring the proud design tradition built on simplicity, elegance, craftsmanship and sustainable materials. “We share a passion for Scandinavian design and natural materials. Sustainability is the starting point for every new design we create. All the way from the first sketches to the final product, cause what we believe the most, is designing beautiful products that are built to last and survive trends.” For Glismand & Rüdiger Scandinavian design isn't a label, it's a commitment in their design-work. It's something to be interpreted in contemporary and new ways, and something to be proudly honoured.
